

Dear Customer,

We would like to inform you of an upcoming price adjustment for our board back envelope products, effective on all deliveries from May 1st 2026 onwards.

Over the past several years, we have experienced a significant decline in Nordic volumes for these items. As a result, production efficiency has been impacted, with relatively higher setup times and material waste increasing overall manufacturing costs. In addition, recent inflation in raw material prices has further contributed to cost pressures. Lower volumes have also led to higher transportation costs per unit from our group production site to the Kristianstad warehouse, further impacting overall cost efficiency.

Due to these factors, we find it necessary to adjust pricing for the following standard items:

11742 – Pappryggsåse B5+ White 120g (190x250 PS UK):	+30%
11743 – Pappryggsåse C4 White 120g (229x324 PS NK):	+5%
11744 – Pappryggsåse B4 White 120g (250x353 PS NK):	+15%
11746 – Pappryggsåse A3+ White 120g (310x440 PS UK):	+15%

Please note that item 11747 (Pappryggsåse B3- 350x500 PS UK White) will be discontinued and sold until stock is depleted.

The overall weighted average increase across these items is approximately 12%, based on actual 2025 volumes.

We remain committed to providing you with high-quality products and reliable service, and we will continue to work actively to optimize our cost structure and supply chain.

If you have any questions or would like to discuss this change further, please do not hesitate to contact your usual representative.

Thank you for your continued partnership and understanding.

Kind regards,

Tuomas Tynnilä

Sales Director Nordic and Baltic countries
